

CLIENT TESTIMONIALS

The testimonials below are from past clients and caregivers/family members of clients of Piedmont Music Therapy services, including drum circles, individual music therapy sessions, and group music therapy sessions.

"Music Therapy has made a significant difference in my sons' life. ... not only does he enjoy the sessions, but the individual therapy has improved his verbalizations, well-being, and made positive changes in his overall mindset. He has increased his ability to verbally express his wants and needs which allows him to communicate more positively with others."

"I really appreciate the opportunity to fellowship and have a creative musical outlet."

"I really enjoy y'all coming because I feel free and my mind is clear. Thank yall for taking yall time to come to the Doves Nest."

"Mothers approach me frequently during their programming here to tell me how much their kids love Music Therapy and how they look forward to it every week. Mothers in the program often notice that their children do a much better job expressing their feelings and improve behaviorally after spending time in these classes. These skills not only help the family function better together as a whole, but it also helps with substance abuse prevention..."
